

Travel Advisory

Date Travel Advisories

29 May 2020 Resumption of Flights, June 1-30, 2020

Cebu Pacific Advisory

Flight Operations, June 2-4, 2020

As of May 30, 2020; 8:00pm

Cebu Pacific and Cebgo will resume passenger flights on June 2, 2020, with a limited number of domestic flights. We will continue to work with the Inter-Agency Task Force (IATF), as well as other national and local government authorities, on the rules and requirements to resume commercial passenger flights between areas under General Community Quarantine (GCQ).

Phased, agile restart

Flight schedule - June 2-4, 2020:

In Manila, all flights will depart and arrive from the Ninoy Aquino International Airport Terminal 3.

All International flights remain suspended from June 1 to 30, 2020.

We will provide updates on flight schedules from June 5-onwards. We will gradually build-up our domestic flight network, depending on market demand, quarantine restrictions and government regulations.

Leisure travel is not allowed, as per government guidelines. Guests must check guidelines from the IATF, and with the local governments of their origin and destination for the required documents.

Safe, Contactless Flights

In the meantime, CEB had been rolling out its guidelines for safe Contactless Flights, so guests will know what to expect before their trips.

Contactless Flight guidelines include the wearing of masks, online check-in, being at the airport 3 hours before flight, counter closure of 1 hour before flight, maximum one hand-carry per person, contactless boarding procedures, and physical distancing.

We have also increased safety measures, including extensive daily disinfection of aircraft, cleaning of airport passenger surfaces such as shuttle buses and bag drop counters, frontliners' use of personal protective equipment, and rapid testing for cabin crew and pilots. Learn more here: <http://bit.ly/CEBSafeTravel>

Flexible options for guests

CEB continues to offer flexible options for passengers affected by the flight cancellations from June 1-30, 2020.

They may rebook their flight for travel within 3 months year; place the full cost of the ticket in a Travel Fund valid for one (1) year; or avail of a full refund. They may use the "Manage Booking" portal in the Cebu Pacific website (<http://bit.ly/CEBmanageflight>) to avail any of these options. For more information, FAQs may be found here: <http://bit.ly/CEBRestartFAQs>

This is a developing situation and our restart operations may change as quarantine conditions evolve across our network. We may reduce or add flights depending on passenger demand and travel restrictions. Please check our website and official social media accounts for updates.
