POLICY UPDATE

Married Segment Integrity Policy

A revised Married Segment Integrity policy will come into effect from **1 May 2020**. This new policy replaces the current Etihad Policy on Married Segment Logic dated 1 June 2014. The objective of this policy is to effectively manage Etihad inventory which enables all our travel partners to get the correct availability. The change in policy is around the topics below.

- Origin-Destination (O&D) availability abuse
- Married segments violation
- Agency Debit Memo (ADM) policy

Please do go through the [policy content](#) to be informed of the new measures, including stringent penalties, for misuse.
